

POST Meeting Agenda  
11:00-1:00  
November 12, 2015  
Land O' Lakes Culinary Arts

- Welcome/Introductions/Agenda Review                      Laura
- Under the Surface Video/Pasco Data Review      Freddy
- Lunch/Agency Updates    Agencies
- Workgroup Activities    Workgroups

November meeting outcomes:

Participants will break into workgroups and will begin working on their assigned products after lunch.

\*Workgroups can meet in between the meetings to continue working on their assigned product.

February meeting outcomes: Continue working in your groups on the products. Some groups may need additional time during the May meeting to complete those products. At the end of this meeting, we should have potential interagency names, mission statements and logos.

May meeting outcomes: The whole group will discuss the potential names, logos and mission statements. The group will vote on and determine the final mission statement, name and logo. Workgroups will be able to continue working on any unfinished products.

Future projects:

We would like to create a website for Pasco's interagency council and a high school resource flip charts.

Membership drive- Members please go out and recruit potential members that may want to attend the future Pasco interagency meetings.

Future Meeting Dates: 2/24 and 5/11
